

Cotswold League Selection Squad and Availability List

Below are the names that will be considered for selection for the Cotswold League. Please identify whether you are available to swim the dates identified. Confirming availability does not guarantee you or your child will be selected to swim but that they will be considered when the team is being picked.

Selection will be based on three main guidelines:

1. Attendance at Training (swimmers training three times or more weekly will be picked over those swimming less than three times weekly).
2. Performance at Training.
3. Personal Best Times.

The above are guidelines and are used at the coach's discretion. The intention will be to pick the best and fastest possible team taking into account the above and the league cut off times.

Teams will be posted on the club notice boards or via the team managers as well as on our Facebook Group at least one week before the gala. Once you have been picked, you will be expected to swim, so if your circumstances change you must notify Ricky before the team is published.

If you are picked for a Gala and then fall ill before the event takes place, please notify Ricky ASAP, so he may select a replacement.

This years team selections will be difficult with so many swimmers to pick from and only 4-5 places available in each age group for each of the boys and girls teams. So confirm availability is even more important.

Only swimmers that have swum in R1-4 may swim in the Final (League Rules) therefore if you are picked and swim in R1-4 swimmers must be free to swim in the final.
